SUMMARY

Communicative individual seeking exciting challenges and development opportunities. Adaptable and open to collaborating within an international community, while also effective at working independently. A fast learner, I actively pursue knowledge in diverse fields during my spare time. Currently, I am dedicated to enhancing my skills in Finnish language and front-end web development. I am also a long-term social media platforms moderator for an American Esports company.

LANGUAGES

English: fluent,
Polish: native language,
Finnish: YKI certificate
at the intermediate (B1) level,
German & Russian: basic.

SKILLS

Advanced:

- HTML, CSS, JavaScript, React.js, SQL,
- Windows OS, Excel, Canva.

Intermediate:
